Beyond the tallest mountains, in a forest far away,
There's a haven safe from tigers, where gentle animals stay.
They hide there from predators and live a life of ease,
Eating lots of vegetables and fruit that grows on trees.

Editorial Review

Review

Besides being a delightful read for children with wonderful illustrations, this book teaches such an important lesson to children - as well as to an adult who may be reading the book to a child. It is so important to be accepting of others on the basis of their character and not on looks or preconceived ideas about them. Another well done children's book by Miss Adler,
