Editorial Review

Amazon.com Review

The words of a murderer: "This should not have happened. This is not me. It's so stupid when you think about it. It shouldn't have caused a death. I don't blame me. We just need a little growing up. We were young, and we still are." Aphrodite Jones takes the reader into the world of several teenage girls in small-town southern Indiana--their clothes, rock music, and fascination with offbeat spirituality, and also their lesbian jealousies and penchant for violence. This book provides a useful balance to an earlier account by Michael Quinlan (*Little Lost Angel*). Jones's style is less dramatic than Quinlan's, but she devotes more space to the family backgrounds and psychological complexities of the two girls whose hot-vs-cold temperaments meshed to bring about the murder of 12-year-old Shanda Sharer.
