Get Print Book

Irwin & Rippe's Manual of Intensive Care Medicine has established itself as an invaluable reference for students, interns, residents, fellows, nurse practitioners and physician assistants, nurses, and respiratory care practitioners working in the critical care medicine environment.

Known for its reader-friendly outline format and compact portable size, this handy manual builds upon its tradition of excellence in its Sixth Edition. Available both in print and electronic formats, the Sixth Edition parallels the text, *Irwin & Rippe's Intensive Care Medicine, Seventh Edition*, and features fully updated and revised content with a focus on patient safety.

Key Features:

- **Fully revised content** addresses recent developments, including the larger role for ultrasound, in critical care medicine.
- **Annotated references** are provided at the close of each chapter to guide the interested reader through key articles in the relevant literature.
- **Video clips** have been added where appropriate to reinforce key points and findings.
- **Logical organization** begins with an extensive section on Procedures and Techniques, followed by 15 sections covering organ system problems as well as palliative care, legal and ethical issues, and transplantation.
- **Thorough coverage of pharmacology, poisonings, and overdoses** presented in a tabular format.
- **New section editors** share a wealth of experience and expertise targeted to broaden readers' skills.

Editorial Review

Users Review

From reader reviews:

Tonya Deschamps:

Book is to be different for each grade. Book for children right up until adult are different content. As you may know that book is very important for people. The book Irwin & Rippe's Manual of Intensive Care Medicine had been making you to know about other expertise and of course you can take more information. It is rather advantages for you. The e-book Irwin & Rippe's Manual of Intensive Care Medicine is not only giving you a lot more new information but also to get your friend when you experience bored. You can spend your own personal spend time to read your reserve. Try to make relationship with the book Irwin & Rippe's Manual of Intensive Care Medicine. You never feel lose out for everything in case you read some books.

Lisa Chaffee:

As people who live in the actual modest era should be change about what going on or details even knowledge to make all of them keep up with the era and that is always change and move forward. Some of you maybe will probably update themselves by examining books. It is a good choice for yourself but the problems coming to you actually is you don't know which you should start with. This Irwin & Rippe's Manual of Intensive Care Medicine is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Stuart Rosado:

Reading can called head hangout, why? Because if you find yourself reading a book mainly book entitled Irwin & Rippe's Manual of Intensive Care Medicine your mind will drift away trough every dimension, wandering in most aspect that maybe not known for but surely might be your mind friends. Imaging every single word written in a book then become one web form conclusion and explanation in which maybe you never get just before. The Irwin & Rippe's Manual of Intensive Care Medicine giving you another experience more than blown away your head but also giving you useful information for your better life in this particular era. So now let us teach you the relaxing pattern this is your body and mind will be pleased when you are finished looking at it, like winning a game. Do you want to try this extraordinary spending spare time activity?

Matthew Hansen:

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or make

summary for some book, they are complained. Just very little students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Irwin & Rippe's Manual of Intensive Care Medicine can make you feel more interested to read.
