Dzur (Vlad Taltos Book 10) By Steven Brust

In which Vlad Taltos confronts the Left Hand of the Jhereg...and discovers the game has more players than he thought

Vlad Taltos, short-statured, short-lived human in an Empire of tall, long-lived Dragaerans, has always had to keep his wits about him. Long ago, he made a place for himself as a captain of the Jhereg, the noble house that runs the rackets in the great imperial city of Adrilankha. But love, revolution, betrayal, and revenge ensued, and for years now Vlad has been a man on the run, struggling to stay a step ahead of the Jhereg who would kill him without hesitation.

Now Vlad's back in Adrilankha. The rackets he used to run are now under the control of the mysterious "Left Hand of the Jhereg"—a secretive cabal of women who report to no man. His ex-wife needs his help. His old enemies aren't sure whether they want to kill him, or talk to him and then kill him. A goddess may be playing tricks with his memory. And the Great Weapon he's carrying seems to have plans of its own...

Picking up directly where *Issola* left off, *Dzur* gives us Vlad Taltos at his best—swashbuckling storytelling with a wry and gritty edge.

Editorial Review

From Publishers Weekly

After a detour with the Viscount of Adrilankha trilogy (*Sethra Lavode*, etc.), Brust returns to sometime assassin and popular protagonist Vlad Taltos in the 10th installment of his famously disordered series. Beginning where *Issola* (2001) left off, this novel follows Vlad simultaneously through a complicated scheme to disrupt the political maneuvering of a shady association known as the Left Hand of the Jhereg and an exquisite dinner at the renowned restaurant Valabar's. (Each chapter, like a course in a literary feast, opens with descriptions of the fare at Valabar's.) Brust brings the grimy streets of Adrilankha to life in swift, vivid strokes and keeps the narrative skipping with wisecracking conversations among Vlad, his companion Loiosh and friends old and new. Though the in-jokes fly thick and fast and the line between familiar and recycled sometimes blurs, new readers won't notice and fans will be too happy at the prospect of another Taltos book to mind. Vlad Taltos' latest adventure starts where *Issola* (2002) left off. For many years, he was a contented boss in the Jhereg, which ran the rackets in the imperial capital, Adrilankha. But after his wife got in trouble, and he got her out, he had a price on his head that kept him running for some time. Now he is sitting down to a meal at Valabar's, and Valabar's has the best food in the Dragarean Empire. But his ex needs help again. The Left Hand, a cabal of sorceresses without a boss, is taking over the Jhereg, which doesn't affect the reward for Vlad but does induce some erstwhile colleagues to want him to help them before they claim it. Also, a goddess is manipulating his memory, and the great weapon he carries is acting independently. It's adventure time again. Brust adds a charming twist this time. Vlad gets his meal, and each chapter's title and heading describe one delicacy at Valabar's. A must-read for series fans. *Roland Green*

Review

"No mere plot summary can describe accurately the fun and adventure that naturally seem to follow Vlad Taltos."

--VOYA on the Vlad Taltos series

"As always, Brust invests Vlad with the panache of a Dumas musketeer and the colloquial voice of one of Zelazny's Amber heroes."

--*Publishers Weekly* on *Dragon*

"Watch Steven Brust. He's good. He moves fast. He surprises you. Watching him untangle the diverse threads of intrigue, honor, character and mayhem from amid the gears of a world as intricately constructed as a Swiss watch is a rare pleasure."

--Roger Zelazny on Steven Brust

"Steven Brust might just be America's best fantasy writer!"

--Tad Williams
