Leaves of Elvis' Garden: The Song of His Soul By Larry Geller

The Most Revealing Elvis Book You'll Ever Read

Literally hundreds of books and millions of words have been written about the phenomenon that was **Elvis Presley**. None even approaches what is revealed in this one - because this is the one story Elvis made **Larry Geller** promise to tell. It was Larry who sat in meditation with Elvis for hours at a time or for brief moments before a show. It was Larry whom Elvis could talk with about his deepest beliefs. And so, Larry became one of Elvis' closest confidants. He knew a side of Elvis that few others knew, and fewer understood.

Here at last is the full, true and mesmerizing story of Elvis Presley, who died in 1977, but whose legend is bigger than ever. Not until now have we had the chance to know him as he would have wanted us to. Many books tell what Elvis did. This one tells what Elvis *believed*. When you plumb the depths of Elvis' soul as it is revealed here, you will understand the real Elvis. You will know him, and very likely, love him even more.

You will read passages from his favorite books, with quotes and pictures of the philosophers and spiritual thinkers he admired: Paramahansa Yogananda, Kahlil Gibran and many others. You will view photographs of never-before-seen actual pages from some of those books, including *The Prophet*, with notes and comments in his own handwriting. Maybe best of all, you will listen in on intimate conversations that Elvis and Larry shared on a myriad of subjects over the years, including his feelings about the women in his life, the future of his career and life after death.

What Larry describes of Elvis here will shock some people. It's guaranteed to surprise you. Because what you will discover is a side of Elvis that was so intimate and personal, he never publicly let it out in words, only through his music. Yet the purity and authenticity of this story will absolutely convince you that you have, finally, met the real Elvis.

As Larry explains: Elvis charged me with this responsibility, empowering me and inspiring me to write this book when he said, 'The world knows Elvis Presley all right, but they don't know *me*. I want them to know me, the real person. Larry, I'm counting on you.'

Take a walk with Elvis and Larry through the heart and soul of Elvis the seeker. No matter how much you may already know of Elvis, you will come away feeling that you know him far better for having experienced *Leaves of Elvis'*

Editorial Review

Review

Even though *Leaves of Elvis' Garden* is filled with memories, there is an immediacy to them as though you are watching, instead of reading, the first reality book show. The third wall is down and when you're not riding up front with Elvis in the van, having this amazing conversation, you're in the den with Elvis behind closed doors. Elvis is palpable. Geller's beautifully written, soulful and intimate journey through life is filled with heapings of poignant and sage philosophy that is share-worthy. --Lauren Lawrence, author of *Private Dreams of Public People*

From Larry Geller's vivid recollections of Elvis' passionate quest for the truth, to the photographs of spiritual writings with Presley's handwritten notations, this is one fascinating book. Required reading for anyone who cares about the man behind the myth. --Alanna Nash, author of *THE COLONEL: The Extraordinary Story of Colonel Tom Parker and Elvis Presley*

I loved this book. While I have read dozens of books about Elvis (and even written one myself), met many of the 'Memphis Mafia,' and even been to the super-duper top secret Graceland archives one hint, it is not on the property at Graceland... Larry's book really brought Elvis to life for me. As a friend and trusted confidante, Larry shows us both Elvis' extraordinary talent and also his rarely seen human side.

A book to be treasured. I am giving it to all my friends. --Pamela Keogh, author of *Elvis Presley: The Man, The Life, The Legend*

A spiritual seeker since his teens, vegetarian, and student of natural nutrition and alternative healing, Larry has dedicated his life to serving and assisting others, and to telling the story of the real Elvis Presley.

Larry is a writer and speaker. He lives in Los Angeles with his wife, Shira.
