Ingrid Law delivers another heartwarming story about the magic of friendship and the power of family in this companion to her Newbery Honor winning *Savvy*

Gypsy Beaumont has always been a whirly-twirly free spirit, so as her thirteenth birthday approaches, she hopes to get a magical ability that will let her fly, or dance up to the stars. Instead, she wakes up on her birthday with blurry vision . . . and starts seeing flashes of the future and past. But when Momma and Poppa announce that her very un-magical, downright mean Grandma Pat has Alzheimer's and is going to move in with them, Gypsy's savvy—along with her family's—suddenly becomes its opposite. Now it's savvy mayhem as Gypsy starts freezing time, and no one could have predicted what would happen on their trip to bring Grandma Pat home . . . not even Gypsy.

With her trademark style and whimsical, beautiful language, Ingrid Law has written another wonderfully moving companion to her Newbery Honor winning *Savvy*.

Editorial Review

From School Library Journal

Gr 4–7—Another magical tale that emphasizes every person's unique gifts. Some years have passed in the Beaumont household, in which each family member has a "savvy," or magical ability that manifests itself around age 13. Now it is Gypsy's turn, but her savvy for seeing flashes of the past and future causes her more anxiety than happiness. A vision of her Grandma Pat falling off a clock tower terrifies her, and she determines to prevent it. Worse yet, the curmudgeonly woman has Alzheimer's and will come live with the Beaumonts. This dreaded event has switched everyone's gifts. Gypsy now stops time, her brother Tucker can grow, brother Samson can start fires, and their perfect mother now is clumsy and accident prone. Navigating the new reality, saving Grandma, and accepting her savvy are on Gypsy's to-do list. Law's signature writing style is evident in her third story; whimsical word patterns dance around her savvy characters. Gypsy and her family seem to be in constant, unusual motion, rather like a Willy Wonka elevator. And, much like authors Deborah Wiles or Patricia Reilly Giff, Law contrasts warm family support with personal despair and hardship, nicely balancing her dramatic action with stability and optimism. Gypsy's family will always love her, even if she sends a car into the river (oops). There are a few coincidences and a tidy ending, but overall, Law has again told a story with as much heart as creativity. **VERDICT** Highly recommended and a must-have for libraries with the previous volumes.—Caitlin Augusta, Stratford Library Association, CT
