Managing Health Services Organizations and Systems By Beaufort Longest Jr. Ph.D. FACHE, Kurt Darr J.D. FACHE

Thoroughly revised and updated, the new 6th edition keeps pace with the changing healthcare landscape in the U.S. and with the demands placed on its healthcare leaders.

Grounded in the practices of continuous quality and performance improvement at all levels of an organization, the latest edition examines virtually every aspect of health services leadership and management, from day-to-day decision making to personnel and resource management to transformational change processes.

Instructive to students preparing for careers in health services management and as a permanent reference for current health services executives, making this text the most definitive and comprehensive resource available today!

New to the 6th edition: Updated content in every chapter; more than 30 engaging new case studies; challenging new discussion questions; new sections on project management, emergency preparedness, patient and staff safety, infection control, employee stress, hazardous materials, sharps injuries, workplace violence, and waste management; fully updated glossary of abbreviations; downloadable instructor support materials for every chapter!

Editorial Review

About the Author

Beaufort B. Longest, Jr., is the M. Allen Pond Professor and Director of the Health Policy Institute in the Department of Health Policy and Management at the Graduate School of Public Health at the University of Pittsburgh. Professor Longest holds a Ph.D. from Georgia State University. He is a fellow of the American College of Healthcare Executives and holds memberships in the Academy of Management, AcademyHealth, American Public Health Association, and the Association for Public Policy Analysis and Management. He is an elected member of the Beta Gamma Sigma Honor Society in Business as well as of the Delta Omega Honor Society in Public Health. His research has led to numerous peer-reviewed articles published in respected national and international journals. He has authored or co-authored 10 books and 30 chapters. Professor Longest's current research and scholarship address corporate citizenship, policy making, and governance and management in health settings. His work in these areas has underpinned his most recent books, *Managing Health Programs and Projects* and *Health Policymaking in the United States*. Longest consults with health care organizations and systems, universities, associations, and government agencies on health policy and management.

Kurt Darr is Professor of Hospital Administration in the Department of Health Services Management and Leadership and Professor of Health Care Sciences at The George Washington University. He holds the Doctor of Science from The Johns Hopkins University and the Master of Hospital Administration and Juris Doctor from the University of Minnesota. Dr. Darr completed his administrative residency at Rochester (Minnesota) Methodist Hospital and subsequently worked as an administrative associate at the Mayo Clinic. After being commissioned in the U.S. Navy, he served in administrative and educational assignments at St. Albans Naval Hospital and Bethesda Naval Hospital. He completed postdoctoral fellowships with the Department of Health and Human Services, the World Health Organization, and the Accrediting Commission on Education for Health Services Administration. Dr. Darr is a Fellow of the American College of Healthcare Executives, a member of the District of Columbia and Minnesota Bars, and serves as a mediator in the Superior Court of the District of Columbia. He serves on commissions and committees for various professional organizations, including The Joint Commission on Accreditation of Healthcare Organizations, the American College of Healthcare Executives, and the Commission on Accreditation of Healthcare Management Education. He is a voluntary consultant to several hospitals in the District of Columbia metropolitan area. Dr. Darr regularly presents seminars on health services ethics, hospital organization and management, quality improvement, and the application of the Deming method in health services. He is the author and editor of several books used in graduate health services administration programs and numerous articles on health services topics.

Users Review

From reader reviews:

Harley Fabry:

In this 21st millennium, people become competitive in every way. By being competitive today, people have to do something to make these people survive, being in the middle of the crowded place and notice by surrounding. One thing that sometimes many people have underestimated the item for a while is reading. Sure, by reading a reserve your ability to survive improve then having chance to stand than other is high. For

you personally who want to start reading any book, we give you this Managing Health Services Organizations and Systems book as starter and daily reading reserve. Why, because this book is greater than just a book.

Donald Lester:

Precisely why? Because this Managing Health Services Organizations and Systems is an unordinary book that the inside of the guide waiting for you to snap that but latter it will shock you with the secret that inside. Reading this book close to it was fantastic author who write the book in such awesome way makes the content interior easier to understand, entertaining way but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of benefits than the other book possess such as help improving your skill and your critical thinking approach. So , still want to hold off having that book? If I were you I will go to the publication store hurriedly.

Marni Johnson:

This Managing Health Services Organizations and Systems is new way for you who has interest to look for some information since it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or perhaps you who still having little digest in reading this Managing Health Services Organizations and Systems can be the light food to suit your needs because the information inside this book is easy to get by anyone. These books build itself in the form which is reachable by anyone, that's why I mean in the e-book type. People who think that in reserve form make them feel tired even dizzy this e-book is the answer. So there is not any in reading a publication especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss the idea! Just read this e-book type for your better life as well as knowledge.

Michael Sheridan:

Many people said that they feel uninterested when they reading a publication. They are directly felt the item when they get a half areas of the book. You can choose typically the book Managing Health Services Organizations and Systems to make your current reading is interesting. Your skill of reading proficiency is developing when you including reading. Try to choose very simple book to make you enjoy you just read it and mingle the impression about book and reading especially. It is to be 1st opinion for you to like to open a book and read it. Beside that the guide Managing Health Services Organizations and Systems can to be your brand-new friend when you're experience alone and confuse in what must you're doing of this time.
