Carnal (Exiled) (Volume 1) By Victoria Danann

"...a true bad boy hero if ever one was written." - *Fanatical Paranormal*
Romantic New York Times Bestseller, Victoria Danann, brings us a spin off from Order of the Black Swan that's been called "captivating and emotional".

The angel, Kellareal, stopped the genocide of a hundred and forty three human/animal hybrids, who'd been genetically engineered as a research experiment and spent their entire lives imprisoned. Against orders, he spirited them away to another of the many-layered dimensions bound to Earth and gave them the job of protecting humans whose own hybrid experiment had escaped and become their nightmare. Rosie Storm thought she was getting a few weeks of tantrum-fueled asylum. The last thing she was expecting was to be the accidental architect of a war. Or to meet someone like Carnal.
