Hamlet For Kids (Shakespeare Can Be Fun!) By Lois Burdett

Perhaps the best-known of Shakespeare's tragedies, **Hamlet** has all the ingredients for a gripping story: revenge and power, familial love and betrayal, dramatic sword fights, dark spooky scenes. Once again Lois Burdett has woven her own brand of magic by transforming Shakespeare's complex verse into rhyming couplets. She has created a version of **Hamlet** especially for children, even as young as seven, and one that readers of all ages will enjoy.

At the appropriately named Hamlet Elementary School in Stratford, Ontario, where Burdett has taught for over 20 years, her students have created wonderful drawings of **Hamlet** to illustrate Burdett's fluid rhymes. The students' interpretations are vivid evidence of Burdett's clever ability to bring Shakespeare's complex characters and intricate plots to life for young people.

Editorial Review

From School Library Journal

Grade 2-4-This seventh series entry retells the story in rhymed couplets with illustrations by the author's students, ages 7 to 12. The style is lively and interesting, and some of the phrasing is humorous: "Meanwhile, King Claudius was still uptight./The cause of Hamlet's madness had not come to light." The fact that stage directions and speakers' names are included within the verses poses some difficulty when acting out the play. A very perceptive narrator would be needed to make it all come out just right. Boxed insets of children's rewritten segments of the play as letters or diary entries offer interesting insights into their perception of the characters. Since the colorful drawings represent the characters in a wide variety of styles, they lack a sense of unity. Activities are presented at the end of the book to extend the experience. This is a good source of ideas for teachers who want to use Shakespeare in their elementary classrooms. Leon Garfield's *Shakespeare Stories* (Houghton, 1991) is still the best retelling, but school libraries could make good use of this book.

Carol Durusau, Newton County Public Library, Covington, GA

Review

Burdett has received numerous awards and commendations for her work in making Shakespeare more accessible to children; *Hamlet for Kids* demonstrates why Burdett's work is deserving of these honors. (Jennifer Ailles *Canadian Children's Literature* 2002-09-01)

The style is lively and interesting, and some of the phrasing is humorous. (Carol Durusau *School Library Journal* 2000-08-01)

A simplified but responsible version of the tragedy. Meant to be read aloud and staged by children. (Julia Bookman *Atlanta Journal-Constitution* 2000-07-29)

Ideal for introducing the play (and Shakespeare) in the classroom or before the theatre. (Susan Perren *Globe and Mail* 2000-05-27)

From the Author

Shakespeare Can Be Fun!

Most students will be exposed to the works of Shakespeare, typically in high school. The language and content of the plays is seen as too difficult for younger children but primary children are underestimated as to what they can accomplish given the challenge. The study of Shakespeare has become an integral part of my grade two program at Hamlet School, in Stratford, Ontario, Canada.

When I first moved to Stratford, I had no intention of teaching Shakespeare to 7 and 8 year olds. Stratford is a beautiful city noted for its Shakespearean theatre and I was interested that the schools were all named after Shakespearean characters. I asked my class, "Who is William Shakespeare?" and "Why is our school called Hamlet?" Their answers were surprising. One thought he was a famous boxer. Another believed he was the President of Canada. A third student responded, "I don't know who William Shakespeare is. I don't know any of the big kids." It was the children's enthusiasm and excitement on making the connection between an historical figure and the name of their school, which led me to continue. Thirty years later I can't imagine teaching anywhere in the world and not introducing Shakespeare. The study provided tremendous growth,

particularly in the area of language and communication and evolved into a learning experience of a lifetime. I have endeavored in my books and workshops for teachers to share the excitement of exploring with children, the timeless emotions and ideas of Shakespeare.

The comments of two of my children, written at various times in their daily journals show the lasting impression Shakespeare has had on them.

"Shakespeare is like a big piece of chocolate cake. Once you've started you wish you could go on and on forever, in a non-stopping dream." (Anika, age 7)

"William's incredible words are like a velvet silk coat that rap around his pure thoughts. His pen writes on like all colors of the wind." (Sean, age 7)

Users Review

From reader reviews:

William Vogt:

Reading a book to be new life style in this yr; every people loves to go through a book. When you read a book you can get a lots of benefit. When you read books, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your research, you can read education books, but if you act like you want to entertain yourself you can read a fiction books, this sort of us novel, comics, as well as soon. Zachary Connors:

This Hamlet For Kids (Shakespeare Can Be Fun!) is completely new way for you who has intense curiosity to look for some information since it relief your hunger of information. Getting deeper you in it getting knowledge more you know or you who still having bit of digest in reading this Hamlet For Kids (Shakespeare Can Be Fun!) can be the light food in your case because the information inside this kind of book is easy to get through anyone. These books develop itself in the form and that is reachable by anyone, yep I mean in the e-book web form. People who think that in guide form make them feel drowsy even dizzy this book is the answer. So there is absolutely no in reading a publication especially this one. You can find actually looking for. It should be here for you. So , don't miss the idea! Just read this e-book style for your better life and also knowledge.

Susan Bannister:

Don't be worry should you be afraid that this book can filled the space in your house, you can have it in e-book way, more simple and reachable. That Hamlet For Kids (Shakespeare Can Be Fun!) can give you a lot of pals because by you investigating this one book you have issue that they don't and make an individual more like an interesting person. This book can be one of a step for you to get success. This guide offer you information that perhaps your friend doesn't understand, by knowing more than additional make you to be great people. So , why hesitate? We should have Hamlet For Kids (Shakespeare Can Be Fun!).

Brittany Gonzalez:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Hamlet For Kids (Shakespeare Can Be Fun!) can make you sense more interested to read.
