## The "Unknown" Reality, Vol. 1: A Seth Book By Jane Roberts

In this mind-stretching journey into the frontiers of consciousness, Seth reveals the multidimensional nature of the human soul. In *Seth Speaks*, Seth introduced the concept of “probable realities,” in which our idle daydreams and unfulfilled impulses do take place, in which all possible choices are fully experienced by other portions of the self. Now, in this first volume of *The “Unknown” Reality*, Seth explains the dazzling labyrinths of unseen probabilities involved in any decision, and how our awareness of these can enrich the waking life we know. In a fascinating exploration of the cosmic web of our existence, Seth reveals: \* The purpose of dreams, and how they are often fulfilled unconsciously; \* Misconceptions about death and the afterlife; \* How different probable realities intersect and influence one another; \* The relationship between physical health and inner reality; \* A series of exercises to help you discover the unknown portions of your greater identity. In Volume One of *The “Unknown” Reality*, Seth initiates a journey in which it seems that the familiar is left behind. Where do the events of our lives begin or end? Where do we fit into them, individually and as members of the species? These questions, with Seth’s explanations, are the heart of Volume One.
