Shoulder Arthroscopy By Stephen J. Snyder MD, Michael Bahk MD, Joseph Burns MD, Mark Getelman MD, Ronald Karzel MD

Keep pace with fast-moving advances in shoulder arthroscopy. The newly updated *Shoulder Arthroscopy* is based on the top-flight training and innovative practices of the Southern California Orthopedic Institute (SCOI). This updated 3rd edition includes highly practical guided reviews of SCOI's latest advances in assessment and surgical technique, offering recommendations ranging from operating room layout to arthroscopy education opportunities. See why so many surgeons are calling this the “bible” of shoulder arthroscopy.

Key Features Include:

- NEW emphasis on outcomes
- NEW authorship from SCOI surgical experts, led by shoulder arthroscopy pioneer Stephen Snyder
- NEW case reviews with examples of assessment and treatment choices
- Coverage of topics including: diagnostic procedures, procedures for SLAP lesions, shoulder instability, anterior instability with bone loss, procedures for rotator cuff disease and trauma, and post-op rehab recommendations
- Full-color photos and diagrams demonstrate operative techniques and tools, patient positions, operating room environment

Now with the print edition, enjoy the bundled interactive eBook edition, offering tablet, smartphone, or online access to:

- Complete content with enhanced navigation
- A powerful search that pulls results from content in the book, your notes, and even the web
- Cross-linked pages, references, and more for easy navigation
- Highlighting tool for easier reference of key content throughout the text
- Ability to take and share notes with friends and colleagues
- Quick reference tabbing to save your favorite content for future use
- Over 100 interactive videos

Editorial Review

Review

'covers the **breadth** of arthroscopic shoulder surgery, from **elementary** to **advanced techniques**'
'**illustrations** are excellent and include color drawings, along with **plain film**, **MRI**, **histological**, and **intraoperative photos**'
'**well-written** and **excellently illustrated** book would be a welcome addition to any shoulder arthroscopist's library'

Weighted Numerical Score: 96 - 4 Stars!

-Doodys Publishers' Club, Friday, September 26, 2014

'Snyder' is part and parcel of the history of shoulder arthroscopy and, as this book demonstrates

an **active** and **worthwhile** contribution to the field

The full colour illustrations are **clear and unambiguous** and the descriptive text is **well supported by videos** available through online access

-Andrew L Wallace, Consultant Shoulder Surgeon, Fortius Clinic, Shoulder & Elbow, January 2015

Users Review

From reader reviews:

Maria Ives:

Playing with family in a very park, coming to see the sea world or hanging out with buddies is thing that usually you might have done when you have spare time, subsequently why you don't try point that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Shoulder Arthroscopy, it is possible to enjoy both. It is very good combination right, you still wish to miss it? What kind of hangout type is it? Oh come on its mind hangout fellas. What? Still don't get it, oh come on its known as reading friends.

Jose Higham:

Are you kind of stressful person, only have 10 or 15 minute in your time to upgrading your mind skill or thinking skill possibly analytical thinking? Then you have problem with the book than can satisfy your short space of time to read it because all this time you only find reserve that need more time to be study. Shoulder Arthroscopy can be your answer as it can be read by an individual who have those short extra time problems.

Jacob Brown:

Reading a book being new life style in this calendar year; every people loves to examine a book. When you examine a book you can get a lot of benefit. When you read textbooks, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your study, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this kind of us novel, comics, along with soon. The Shoulder Arthroscopy offer you a new experience in looking at a book.

Teresa White:

With this era which is the greater man or woman or who has ability to do something more are more important than other. Do you want to become one of it? It is just simple approach to have that. What you have to do is just spending your time very little but quite enough to get a look at some books. Among the books in the top checklist in your reading list is usually Shoulder Arthroscopy. This book that is qualified as The Hungry Inclines can get you closer in getting precious person. By looking way up and review this book you can get many advantages.
