Grammar In Context 3 By Elbaum

National Geographic Learning's best selling grammar series now has more of what works for students and teachers!?? Students learn more, remember more, and use language more effectively when they learn grammar in context. Grammar in Context, Fifth Edition presents grammar in interesting, informative readings and then recycles the language and context throughout every activity. The fifth edition of Grammar in Context has MORE! MORE visual support including an exciting, new four-color design to help students navigate through the program. MORE connection between grammar and writing, demonstrated through writing models and enhanced by more editing practice for relevant application of target grammar points. MORE technology support for the teacher and student. MORE contemporary and relevant readings and topics like the Hudson River plane-landing, President Obama, social networking, and more! MORE accessible and contextualized grammar charts and presentations provide added clarity.
