Editorial Review

From Publishers Weekly

Journalist Strauss, who has coauthored books with the band members of Mötley Crüe (The Dirt) and porn superstar Jenna Jameson (How to Make Love Like a Porn Star) now offers a terrific look at the dysfunctional livelihoods of stardom, a theme based on his many interviews for various publications. Strauss went back to his original interview tapes and notes in search of moments—mostly unpublished—that reveal "the truth or essence of each person, story, or experience." He liberally and ingeniously cuts back and forth between scenes, such as pairing the youthful, arrogant claims of Oasis that the band could have been the Beatles in the 1960s with the tortured feeling of the Who's aging leader Pete Townshend ("All we can do in the future is look back"). In other instances, he shows the self-doubt shared by Soul Asylum's Dave Pirner and actor Orlando Bloom. But the best moments come when Strauss has earned such trust of his subjects that he becomes part of some very weird scenes, all of which are presented in all their often hilarious detail: shooting guns with Ludacris, getting kidnapped by Courtney Love, making Lady Gaga cry, and shopping for Pampers with Snoop Dogg.
