Get Print Book

Grace Reinhart Sachs is living the only life she ever wanted for herself. Devoted to her husband, a pediatric oncologist at a major cancer hospital, their young son Henry, and the patients she sees in her therapy practice, her days are full of familiar things: she lives in the very New York apartment in which she was raised, and sends Henry to the school she herself once attended. Dismayed by the ways in which women delude themselves, Grace is also the author of a book *You Should Have Known*, in which she cautions women to really hear what men are trying to tell them. But weeks before the book is published a chasm opens in her own life: a violent death, a missing husband, and, in the place of a man Grace thought she knew, only an ongoing chain of terrible revelations. Left behind in the wake of a spreading and very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for her child and herself.

Users Review

From reader reviews:

Hans Diaz:

What do you with regards to book? It is not important along with you? Or just adding material when you want something to explain what your own problem? How about your extra time? Or are you busy individual? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every person has many questions above. They must answer that question simply because just their can do which. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on pre-school until university need that You Should Have Known -- Free Preview (The First 4 Chapters) to read.

James Nadler:

As people who live in the actual modest era should be change about what going on or info even knowledge to make them keep up with the era that is always change and move ahead. Some of you maybe will probably update themselves by reading books. It is a good choice for you but the problems coming to anyone is you don't know what kind you should start with. This You Should Have Known -- Free Preview (The First 4 Chapters) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Karla Walker:

Is it you who having spare time then spend it whole day by simply watching television programs or just lying down on the bed? Do you need something totally new? This You Should Have Known -- Free Preview (The First 4 Chapters) can be the respond to, oh how comes? A fresh book you know. You are and so out of date, spending your time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

Homer Gardner:

What is your hobby? Have you heard that question when you got students? We believe that that concern was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. So you know that little person just like reading or as reading become their hobby. You have to know that reading is very important in addition to book as to be the matter. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You discover good news or update concerning something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them is this You
