## Orderly and Humane: The Expulsion of the Germans after the Second World War By R. M. Douglas

 Get Print Book

Immediately after the Second World War, the victorious Allies authorized and helped to carry out the forced relocation of German speakers from their homes across central and southern Europe to Germany. The numbers were almost unimaginable—between 12,000,000 and 14,000,000 civilians, most of them women and children—and the losses horrifying—at least 500,000 people, and perhaps many more, died while detained in former concentration camps, while locked in trains en route, or after arriving in Germany exhausted, malnourished, and homeless. This book is the first in any language to tell the full story of this immense man-made catastrophe.

Based mainly on archival records of the countries that carried out the forced migrations and of the international humanitarian organizations that tried but failed to prevent the disastrous results, *Orderly and Humane: The Expulsion of the Germans after the Second World War* is an authoritative and objective account. It examines an aspect of European history that few have wished to confront, exploring how the expulsions were conceived, planned, and executed and how their legacy reverberates throughout central Europe today. The book is an important study of the largest recorded episode of what we now call "ethnic cleansing," and it may also be the most significant untold story of the Second World War.

### **Editorial Review**

#### **Review**

"'Orderly and Humane' is an outstanding and well-written work that fills a significant gap in books written in English about this large subject and the very period of its compass. It ought to be in every serious American library and should be required reading for scholars interested in the history of the end of the Second World War and the years thereafter in Europe."--John Lukacs, author of "The Future of History" and "Five Days in London, May 1940"--John Lukacs

"R.M. Douglas has written a fair-minded, deeply researched and courageous book that carefully demystifies the claims and accusations surrounding the awful history of the expulsion of the ethnic Germans from Eastern Europe. A first-rate work, "Orderly and Humane" compels us to admit that the postwar expulsions were not simply a regrettable accident but a deliberate policy of ethnic cleansing on a breathtaking scale that decisively shaped postwar Europe's history."--William I. Hitchcock, author of "The Bitter Road to Freedom: The Human Consequences of Allied Victory in World War II Europe" --William I. Hitchcock

"The tragedy of the post-World War II ethnic German refugees and expellees has been told before but no account is based on so many original documents from so many countries as Douglas's eminently readable work."--Istvan Deak, Columbia University--Istvan Deak

"This important, powerful, and moving book should be on the desk of every international policymaker as well as every historian of twentieth-century Europe. Characterized by assured scholarship, cool objectivity, and convincing detail, it is also a passionate plea for tolerance and fairness in a multicultural world."--Richard J. Evans "The New Republic "

"This is an important book, deserving of the widest readership."--Max Hastings, "Sunday Times"--Max Hastings "Sunday Times" (08/05/2012)

"R.M. Douglas has written a serious book that deserves the serious commitment it takes to read it."--John B. Saul, The Seattle Times  
--John B. Saul "The Seattle Times" (07/29/2002)

"[T]he most thorough study available of the largest expulsion of a people in human history . . . [a] scrupulous reconstruction . . . #160;"The Atlantic"--Benjamin Schwarz "The Atlantic" (09/01/2012)

"Douglas, a historian at Colgate, offers the most thorough study available of the largest expulsion of a people in human history and by far the most horrific instance in post-war Europe of what is now called ethnic cleansing: the forcible transfer of at least 12 million ethnic Germans, mostly women and children from Eastern and Central Europe in the aftermath of the Second World War. The result is an authoritative analysis of an episode that, contrary to McCormick's prediction, has utterly failed to penetrate the popular historical memory..#160;"Named one of the Books of the Year 2012--Benjamin Schwarz "The Atlantic" (11/01/2012)

"It is one of the darkest episodes in modern history, yet it is extraordinary how little notice it receives in western societies, because the victims were Germans. This is the saga documented and vividly portrayed here by Douglas. It is an important book, deserving of the widest readership."--Max Hastings, "The Sunday Times"--Max Hastings "The Sunday Times" (10/06/2013)

#### About the Author

R. M. Douglas is associate professor of history, Colgate University. He lives in Hamilton, NY.

### **Users Review**

#### **From reader reviews:**

##### **Mark Gatling:**

Information is provisions for those to get better life, information these days can get by anyone with everywhere. The information can be a knowledge or any news even a problem.
