Ice Wreck (A Stepping Stone Book) By Lucille Recht Penner

A hundred years ago, Ernest Shackleton and his crew set out for the South Pole. They never made it. Within sight of land, the ship ran into dangerous waters filled with chunks of ice. Then the sea froze around them! There was no hope of rescue. Could Shackleton find a way to save himself and his men?

“Well-written and packed with illustrations and photographs, this amazing tale of the will to survive under unthinkable circumstances will amaze kids and keep them glued to every page.”—*Dallas Morning News*

“Shackleton’s heart-pounding expedition and rescue comes vividly to life in this beginning chapter book.”—*Booklist*

Lucille Recht Penner is the author of many nonfiction books for kids, including *Dinosaur Babies*, and *Monster Bugs*, in Random House’s Step into Reading program. Two of her titles were named *Boston Globe–Horn Book* Honor Books. The author lives in Tucson, AZ.

Editorial Review

Users Review

From reader reviews:

Erin Chretien:

What do you in relation to book? It is not important with you? Or just adding material when you really need something to explain what the one you have problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? All people has many questions above. The doctor has to answer that question because just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is suitable. Because start from on guardería until university need this kind of Ice Wreck (A Stepping Stone Book) to read.

Leslie Jasso:

The feeling that you get from Ice Wreck (A Stepping Stone Book) may be the more deep you rooting the information that hide within the words the more you get serious about reading it. It doesn't mean that this book is hard to recognise but Ice Wreck (A Stepping Stone Book) giving you excitement feeling of reading. The author conveys their point in specific way that can be understood by simply anyone who read the item because the author of this publication is well-known enough. That book also makes your own personal vocabulary increase well. Making it easy to understand then can go with you, both in printed or e-book style are available. We propose you for having this Ice Wreck (A Stepping Stone Book) instantly.

Matthew Fry:

Reading a reserve tends to be new life style on this era globalization. With looking at you can get a lot of information that will give you benefit in your life. Having book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their very own reader with their story or perhaps their experience. Not only the story that share in the books. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors in this world always try to improve their proficiency in writing, they also doing some analysis before they write to the book. One of them is this Ice Wreck (A Stepping Stone Book).

Jason Serrano:

Reading a reserve make you to get more knowledge from the jawhorse. You can take knowledge and information coming from a book. Book is created or printed or highlighted from each source in which filled update of news. In this modern era like now, many ways to get information are available for anyone. From

media social similar to newspaper, magazines, science guide, encyclopedia, reference book, fresh and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just seeking the Ice Wreck (A Stepping Stone Book) when you required it?
