Biology : The Dynamics of Life, Student Edition By Alton Biggs, Kathleen Gregg, Whitney Crispen Hagins, Chris Kapicka, Linda Lundgren, Peter Rillero

Biology: The Dynamics of Life is a comprehensive high school biology program designed to capture the interest of all students. The text uses analogies, models, and hundreds of illustrations to help students more easily comprehend major biological concepts. The engaging narrative and special feature essays continually reveal to students the connection between biology and everyday life, technology, societal issues, and other areas of the curriculum. Each chapter offers numerous opportunities for hands-on experiences that engage students in using scientific methods and in developing critical thinking skills.
