**Nazi Culture: Intellectual, Cultural, and Social Life in the Third Reich (George L. Mosse Series in Modern European Cultural and Intellectual History)** By George L. Mosse

What was life like under the Third Reich? What went on between parents and children? What were the prevailing attitudes about sex, morality, religion? How did workers perceive the effects of the New Order in the workplace? What were the cultural currents—in art, music, science, education, drama, and on the radio?

Professor Mosse's extensive analysis of Nazi culture—groundbreaking upon its original publication in 1966—is now offered to readers of a new generation. Selections from newspapers, novellas, plays, and diaries as well as the public pronouncements of Nazi leaders, churchmen, and professors describe National Socialism in practice and explore what it meant for the average German.

By recapturing the texture of culture and thought under the Third Reich, Mosse's work still resonates today—as a document of everyday life in one of history's darkest eras and as a living memory that reminds us never to forget.

## **Editorial Review**

### **Review**

"For the sanity of the human race it is essential that the record of Hitler's Germany should remain alive and be retold again and again as a warning for the future. Professor Mosse's book helps keep the record alive."—*Saturday Review*

"A magnificently edited collection."—*Chicago Tribune*

"A full picture of the scope and methods of the anti-cultural vandalism of the Nazis."—*Christian Science Monitor*
