Editorial Review

From Publishers Weekly

Readers with a craving for supernatural romance will not find much satisfaction in this dry and predictable tale. Though outwardly a well-adjusted teenager, Molly suffers from severe hydrophobia and is plagued by an eerie recurring dream; both these conditions are aggravated when Jared, her love-interest-to-be, throws her into a swimming pool and she nearly drowns. Then Molly arrives to spend the summer in the small Maine town where her father and new stepmother have recently set up house, and things go from bad to worse. Not only does the ever-persistent Jared show up, but the strangely familiar town itself brings on a series of rather tepid waking visions in which Molly believes herself to be Clementine, a shallowly depicted and unpleasant girl who lived at the turn of the century. With the help of her New Age stepmother, Molly comes to realize what most readers will have guessed long before: somehow, possibly through reincarnation, Molly and Jared are connected to the lives of two long-dead young people. Given that the characters are invested with no more than a single dimension, not even the triple prospect of dramatic coastal storms, paranormal flashbacks and Jared's earthly kisses is enough to enliven this plodding story. Ages 12-up. Copyright 1993 Reed Business Information, Inc.

From School Library Journal

Grade 8-12-- Clementine Horn disappeared over 80 years ago. Why, then, is high schooler Molly Teague haunted by her memory? Her recurrent nightmares are of people and places she can't possibly know; an ominous melody invades her mind; and the image in the mirror is not her own. Her feeling of *deja vu* is overwhelming, as is her inexplicable terror of water. Molly tries to escape her fears and a nagging mother by joining her father and new stepmother in Maine for the summer. But their Victorian house only proves more confusing and frightening; her nightmares become vivid visions as she slips in and out of Clementine's life. With its skillful plot twists, the book will have readers anxious to solve the mystery. Reiss has crafted a fine tale of psychological time travel. Her literary talents allow readers smooth transitions into each character's world; she draws clever parallels between the two girls' lives with subtlety. Accurate and relevant period research is integrated into the well-paced dialogue and descriptive passages. Supernatural tales require some suspension of disbelief, but this well-executed story transports readers into the plot. Booktalk it as a mystery or ghost story. --Sharon Korbeck, Milwaukee Public Library

From Kirkus Reviews

The old song replays in Molly's head, cropping up too often for coincidence--"You are lost and gone forever,/Dreadful sorry, Clementine." Meanwhile, fearful dreams seize her at night and, after she nearly drowns, begin to haunt her as visions by day. When she goes to stay with her newly remarried father in an old house in Maine, the fragments and trepidations begin to fall alarmingly into place: Molly sees the world through the eyes of Clementine, niece of a family who lived in the house 80 years before, who drowned with a local boy while running away. At the core of the tale is a nicely realized romance between Molly and a boy who shares her visitations. Reiss slips between past and present with a callous alacrity that is wondrously effective; readers will buy into the unfolding revelations while gaining a true sense of Molly's tenuous grip on events. But the prevailing sharp characterizations, lyrical style, and good pacing contrast with some passages that are just not as deft; conspicuously absent are the reactions of Molly's savvy, down-to-earth mother to the otherworldly aspects of her daughter's dilemma. Still, overall, another fine spellbinder from the author of *Time Windows* (1991). (Fiction. 12+) -- Copyright ©1993, Kirkus Associates, LP. All rights reserved.

Users Review

From reader reviews:

Julian Loredó:

Have you spare time for just a day? What do you do when you have far more or little spare time? That's why, you can choose the suitable activity with regard to spend your time.
