"Simply a FANTASTIC book! A must-have resource for all English teachers and students alike!" ~ JJ Polk, *English in Global Contexts*

"***Compelling American Conversations*** is a great textbook for teaching conversational American English to ESL learners. I highly recommend it as either a main textbook or as supplementary material for any ESL instructor to use with intermediate to advanced level students who want to improve their oral skills." ~ Eva Owen, EFL/ESL Instructor

"Those who read this book (*Compelling American Conversations*), or any of the others in the series, will find a shared commitment to conversational English, to the examination of proverbial wisdom and witty quotations, along with the open and avowed goal of provoking thought and reflection and encouraging responsible action ... and the ability to express one's own perspective that would enable one to be a responsible and successful resident of the United States without having lost oneself in the process."

**Nathan Albright**, Edge Induced Cohesion  
June 2014

- \* Discuss ideas by studying classical and modern quotations
- \* Express your opinions and support your statements
- \* Find and share Internet resources about living in the United States

- \* Speak English with greater confidence

We hope that with *Compelling American Conversations*, American English language learners will ask more questions, speak more in their workplaces, and create their own compelling conversations - inside and outside English classes.

- Eric Roth, Toni Aberson, and Hal Bogotch, Co-authors, *Compelling American Conversations*

From the Inside Flap

"*Compelling American Conversations* is a great book for students to improve their conversational skills. The exercises also help to improve the "on-the-spot" thinking skills students need to become fluent English speakers. I recommend this book as a study aid for those who wish to improve their IELTS speaking score."  
~ James Hutzell, Lecturer, USC Language Academy

"Conversational English proficiency can only be acquired by engaging in authentic English conversations. The academic approach used all too frequently in conventional ESL classrooms consistently fails at helping English learners become fluent English speakers. *Compelling American Conversations* fills the gap left by inadequate curricula by offering engaging topics and prompts that become the starting point for thoughtful and meaningful conversations. I highly recommend it."  
~ Nathan D. Crandall, M.A., Founder, The Fluency Coach
