### Editorial Review

#### Review

"In *The Sustainable Edge*, Ron Carson and Scott Ford help business owners avoid the natural but self-defeating desire to be everything to everyone. Through discovering a powerful "why" that guides business decisions, Ford and Carson outline a formula for both meaningful differentiation as well as self-care...I can say with confidence that reading this book when I was starting my own business would have saved me three years of floundering!" --- **Dr. Daniel Crosby, CEO, Nocturne Capital**

"I've worked with Ron for more than 10 years-he's a true visionary. He lives what he preaches and has set the bar for the rest of the industry as a result. His success is inspiring, and financial professionals in every stage of their career would benefit from taking his advice and reading the life lessons shared in "The Sustainable Edge". - **Edmond Walters Founder and CEO of Emoney Advisor, LLC.**

"Ron Carson once again delivers valuable insights to his readers. However, the lessons shared in "The Sustainable Edge" may be the most valuable yet. Living a balanced life is simply said and difficult to achieve. Ron Carson and Scott Ford simplify this goal and provide tools you can use to lead a meaningful life." - **Steven D. Lockshin Principal, Adviceperiod**

"I have benefitted greatly from Ron's insight on advisor's practices over our 25-year history. He can do for you what he does for me--raise the bar on getting to top performance and strategy. If you are ready to move forward, I strongly recommend you to move your practice upward by reading this book." - **Mark Cassady CEO, LPL Financial**

" 'The Sustainable Edge' details the disciplined decisions and routines Ron and Scott have implemented in building two successful wealth management firms -- a real how-to book that will give any entrepreneur some tools and a useful reminder of the fundamentals in scaling up any business. It's always powerful for business owners to read what other entrepreneurs have specifically done to be successful." - **Verne Harnish Founder of then Entrepreneurs' Organization (EO), CEO of Gazelles, and Author of "Scaling Up: How a Few Companies Make It...And Why The Rest Don't"**

"I've always been a great believer that the route to success in an endeavor begins with the recognition of those things that cause you to lose or the ways in which you can lose and the elimination of those things. Once you have recognized and gotten rid of the reason why you can lose, now you are on the road to winning. Ron Carson's book "The Sustainable Edge" covers this approach completely." - **Bobby Knight Retired NCAA Hall of Fame Coach**

"I've witnessed Ron speak, and just like an athletic coach, I watched the advisors take the information and inspiration from his talk to help each one of them accelerate their ability to achieve success." --- **Joe Buck American Sportscaster**
