## **Editorial Review**

### **Review**

'[The authors] strike a skillfull balance between illustrations and text, allowing for easy reading and comprehension...also provide current and complete references...This atlas will certainly assist any clinicians in gaining a more complete understanding of the etiology, diagnosis, and treatment of craniomandibular disorders.' --Journal of Clinical Orthodontics'Clear, easy-to-follow...lavishly illustrated...provides a wealth of information to enhanced understanding of TMJ disorders...an invaluable diagnostic guide. --TMDData ResourcesAccompanying the text are numerous superb color photographs and illustrations of the techniques and procedures. ... Drs. Axel Bumann and Ulrich Lotzmann are to be congratulated on having produced a text that will serve as a dental classic for many years. The information packed atlas (30 pages of references) reads easily and is enhanced by numerous carefully-selcted color photographs and illustrations. Compliments too to the publisher on the design and layout of the volume, and particularly for the exquisitely reproduced photographs and quality illustrations printed an high-gloss paper. Almost a must for anyone involved in the treatment of TMJ disorders. --American Journal of Orthodontics and Dentofacial Orthopedics, 02/2003Beautifully prepared ... an excellent overview of the varied aspects of evaluating and treating patients with craniomandibular disorders. ... An outstanding teaching atlas for students and clinicians as well as a valuable reference for all practitioners who see value in diagnosis and treatment planning for patients with temporomandibular disorders and/or facial pain. The information presented improves not only the skill of the dentist, but the treatment outlook for patients as well. --New York State Dental Journal, February 2003Contains excellent quality, mainly color images that form a comprehensive resource...provides readers with interesting methods of diagnosis and analysis of the masticatory system...presents old and new concepts. - Doody's Notes
