Bringing Up Boys By James C. Dobson

Sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson.

With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller *Bringing Up Boys*, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles. (This new edition is part of Dr. James Dobson's Building A Family Legacy initiative.)

Editorial Review

From Library Journal

As he has in past books (Life on the Edge, LJ 5/1/95), Dobson advises parents from his overtly conservative, Christian stance. A notable Christian activist, powerfully connected right-winger, and founder and president of Focus on the Family, he has written a work with seemingly good intentions: "If you are honest, trustworthy, caring, loving, self-disciplined, and God-fearing, your boys will be influenced by those traits as they age.... So much depends on what they observe in you." True enough. His underlying arguments, however, are peculiarly mean-spirited. Any outsider who threatens traditional family values comes under fierce attack. Most early feminists, for example, "were never married, didn't like children, and deeply resented men, yet they advised millions of women about how to raise their children and, especially, how to produce healthy boys." Dobson also avows that gays suffer from a "disorder." Clearly, the titular advice and encouragement serve Dobson's agenda. While this book is appropriate for certain religious collections, public librarians should exercise caution; there are Christian parenting titles (e.g., William Sears, M.D., & Martha Sears's The Complete Book of Christian Parenting and Child Care, Broadman & Holman, 1997) that don't polemicize and defame as does this. From [Booklist](#)

Dobson, a psychologist and family counselor, takes a decidedly conservative approach to the "special challenge of raising boys." Celebrating the natural differences between boys and girls, Dobson outlines biological differences, particular issues in disciplining boys, and the different roles of mothers and fathers. He scoffs at those who attribute differences to social factors. Dobson is particularly critical of feminists and their influence on American culture, for example, the advent of nonsexist toys. Dobson sees the "future of Western civilization" dependent on how we handle the "crisis" of raising the next generation of men. Much of his advice on boy-rearing issues, from discipline to attention deficit disorder to coping with divorce, is biblically based. Each chapter ends with a question-and-answer format. The most controversial chapter examines the origins of homosexuality, calling it a "disorder" that can be cured. Conservative and Christian readers may enjoy Dobson's book; other readers are likely to take issue with some of his observations.

About the Author

James Dobson obtuvo el título de doctor en desarrollo infantil de la Universidad de California del sur y desde entonces ha recibido cinco doctorados honorarios. Tiene dos hijos adultos y vive en Colorado Springs, Colorado con su esposa Shirley. Dobson es presidente de Enfoque a la Familia, una organización que se dedica a la conservación del hogar. El Doctor Dobson tiene un programa diario que se escucha en más de 1.800 estaciones de radio. Desde que se publicó por primera vez. Atrévete a disciplinar, tres presidentes de los Estados Unidos han nombrado al doctor Dobson a varias comisiones. También fue nombrado presidente de la Iniciativa Familiar del Ejército de los Estados Unidos.

Users Review

From reader reviews:

Timothy King:

What do you consider book? It is just for students since they're still students or the idea for all people in the world, exactly what the best subject for that? Just you can be answered for that problem above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't desire do that. You must know how great along with important the book Bringing Up Boys. All type of book are you able to see on many options. You can look for the internet solutions or other social media.

Phillip Vargas:

Nowadays reading books become more and more than want or need but also get a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want attract knowledge just go with education books but if you want feel happy read one having theme for entertaining like comic or novel. The particular Bringing Up Boys is kind of guide which is giving the reader capricious experience.

Francis Lopez:

Do you have something that you want such as book? The reserve lovers usually prefer to pick book like comic, limited story and the biggest an example may be novel. Now, why not trying Bringing Up Boys that give your pleasure preference will be satisfied simply by reading this book. Reading routine all over the world can be said as the opportunity for people to know world a great deal better then how they react toward the world. It can't be said constantly that reading practice only for the geeky individual but for all of you who wants to become success person. So , for all you who want to start studying as your good habit, you may pick Bringing Up Boys become your own starter.

Wilda Baeza:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library in order to make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that studying is not important, boring and also can't see colorful pics on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Bringing Up Boys can make you feel more interested to read.
