Star Wars, Episode III - Revenge of the Sith (Graphic Novel) By Miles Lane, Doug Wheatley

The official comics adaptation of the most anticipated of the Star Wars films! The action of the Clone Wars comes to a dramatic conclusion, and events are put in place for A New Hope. Battles rage in space, armies clash on alien worlds, heroes become martyrs, and friends become enemies-all leading up to the biggest, longest, and most incredible lightsaber duel in Star Wars history! This is the film that answers the questions, How did Anakin succumb to the dark side? What happened to Luke and Leia's mother? And why are there no Jedi around in the original Trilogy? Artist Doug Wheatley (Star Wars: Empire volume two) brings a level of life and detail to the adaptation that rivals that of the films themselves. An epic graphic novel not to be missed!

Editorial Review

Amazon.com Review

The graphic novel of *Star Wars: Episode III, Revenge of the Sith* is a solid representation of the highly anticipated conclusion to the most popular film epic in history. Picking up the action from *Episode II, Attack of the Clones* as well as the animated *Clone Wars* series, Jedi Master Obi-Wan Kenobi and his apprentice, Anakin Skywalker, pursue General Grievous into space after the droid kidnapped Supreme Chancellor Palpatine. It's just the latest maneuver in the ongoing Clone Wars between the Republic and the Separatist forces led by former Jedi turned Sith Lord Count Dooku. On another front, Master Yoda leads the Republic's clone troops against a droid attack on the Wookiee homeworld of Kashyyyk. And like the movie, the action takes a quantum leap up when the Sith Lord in hiding unleashes his long-simmering plot to take over the Republic, and an integral part of that plan is to turn Anakin away from the Jedi and toward the Dark Side of the Force. Unless you've been living under a rock the last 10 years, you know that Anakin will transform into the dreaded Darth Vader and face an ultimate showdown with his mentor, but that doesn't matter. In fact, a great part of the fun is knowing where things will wind up but finding out how they'll get there. The end of this prequel trilogy also should inspire fans to want to see the original movies again, but this time not out of frustration at the new ones. Rather, it's the fond memories *Episode III* will trigger as it ties up threads to the originals in tidy little ways. But best of all, it seems like for the first time we actually care about what happens and who it happens to.

The 96-page comic adaptation by Miles Lane and Doug Wheatley (*Star Wars Empire*, *Superman*, and *The Incredible Hulk*, among others) is attractive but obviously has to take some short cuts from the 137-minute film. The action scenes also are less dramatic than the *Clone Wars* graphic novel series. But it's a coup that this adaptation includes a late Yoda scene that was not in the film but is already rumored to be an extra on the inevitable DVD. --David Horiuchi

About the Author

Patricia C. Wrede is the universally acclaimed author of The Enchanted Forest Chronicles series, including *Dealing with Dragons*, *Searching for Dragons*, *Calling on Dragons*, and *Talking to Dragons*, as well as other novels, including *Mairelon the Magician*, *The Magician's Ward*, and, with Caroline Stevermer, *Sorcery and Cecelia*, *The Grand Tour*, and *The Mislaid Magician*.
