**Brazilian Studies in Philosophy and History of Science: An account of recent works (Boston Studies in the Philosophy and History of Science)** From Springer

This volume, *The Brazilian Studies in the Philosophy and History of Science*, is the first attempt to present to a general audience, works from Brazil on this subject. The included papers are original, covering a remarkable number of relevant topics of philosophy of science, logic and on the history of science. The Brazilian community has increased in the last years in quantity and in quality of the works, most of them being published in respectable international journals on the subject. The chapters of this volume are forwarded by a general introduction, which aims to sketch not only the contents of the chapters, but it is conceived as a historical and conceptual guide to the development of the field in Brazil. The introduction intends to be useful to the reader, and not only to the specialist, helping them to evaluate the increase in production of this country within the international context.

### **Editorial Review**

From the Back Cover

This volume in the Brazilian Studies in the Philosophy and History of Science is the first attempt to present to a general audience some works which have been done in Brazil on this subject. The included papers are original, reaching a remarkable number of relevant topics of philosophy of science, logic and on the history of science. The Brazilian community has increased in the last years in quantity and in quality of the works, most of them being published in respectable international journals on the subject. There is an informal but general among the philosophers and historians of science that the works must be of high quality, and we hope this volume may contribute to widespread this idea. The chapters of this volume are forwarded by a general introduction, which aims at to sketch not only the contents of the chapters, but it is conceived as a historical and conceptual guide about the development of field, as developed in Brazil. The introduction intends to be very useful to the interested readers, and not only to the specialists helping them to evaluate the production of this country that it is raising up in the international context.
