How to Set Up Photography Lighting for a Home Studio By Amber Richards

Product Description for Book How to Set Up Photography Lighting for a Home Studio This book descriptively details subjects related to a basic photo studio setup in the comfort of your home. It is geared for beginner users wanting to learn more. It contains information about how to use continuous studio lighting, how to use strobe lighting photography, as well as techniques that enable you to control the lighting as you wish. Having a controlled environment makes for beautiful photos, and gives more options for creativity as well. This is valuable for anyone who also simply wants to take better quality family or pet photos. It would make a useful reference guide for product photography as well. If you sell products on eBay or a similar venue, great looking photos are a must to get your products sold. Proper lighting is a key issue! This book also contains information about home photography studio setups and discusses how you can make adjustments to create the best blend of lighting and colors. In a nutshell, this is everything that a beginning photographer needs to understand how to setup your own photography studio at home.

Editorial Review

About the Author

Born in the lush and beautiful state of Washington, author Amber Richards has always been surrounded by inspiration. She has been writing and creating for as long as she can remember and today still calls the Pacific Northwest home. Amber's books span a multitude of topics, but all have one thing in common. Her love of nature, children and family are the basis of each, and her passion is apparent on every page. Most recently she has added watercolor artist to her catalogue of talents, and needs only to gaze out her window for daily motivation. When Amber isn't breathing life into a new book, doing photography, or painting, she is surrounded by a loving family.

Users Review

From reader reviews:

Bobby Bagwell:
